BANG!

Suddenly, everyone started to argue!

The room erupted into chaos!

An unfamiliar voice boomed!

EVERYONE GATHER ROUND!

Listen! The voice is coming from the ceramic!

The John Hulley part of the ceramic came to life! He started to speak...

Students of St Vincents! Listen to me very carefully. I am John Hulley, founder of the Olympics. The world is in chaos and you must help! The 'Peace Emblem' has been destroyed, and you must find all the 'keys' to restore it!

What's a peace emblem? Why is the world in chaos?

Keys? Like my front door keys?

Nice to meet you John Hulley, founder of the Olympics!

DID YOU KNOW?

John Hulley was an advocate for physical health and well being

He helped organise the first Olympic Games along side William Penny Brookes and Ernst Georg Ravenstein

He brought the Velocipede to the UK (Today this would be known as a bicycle)

John Hulley

19th February 1832 –
6th January 1875

John Hulley projected an image of the peace emblem to help explain what it was

That large 'BANG' you heard before was the peace emblem being destroyed! The keys have vanished and It's why you all turned nasty for a moment. Without all of the keys, there can be no harmony or peace. One of the keys came to me so I could protect you from evil.

Everyone around you will be acting strange, because without the peace emblem the world is unbalanced. Find all of the keys and restore the emblem or the world will forever be in chaos!

Nobody was quite sure what was going on, but were very eager to find out.

Well gang!
Looks like
we have a
quest!

Or a
journey...
A journey
for peace...

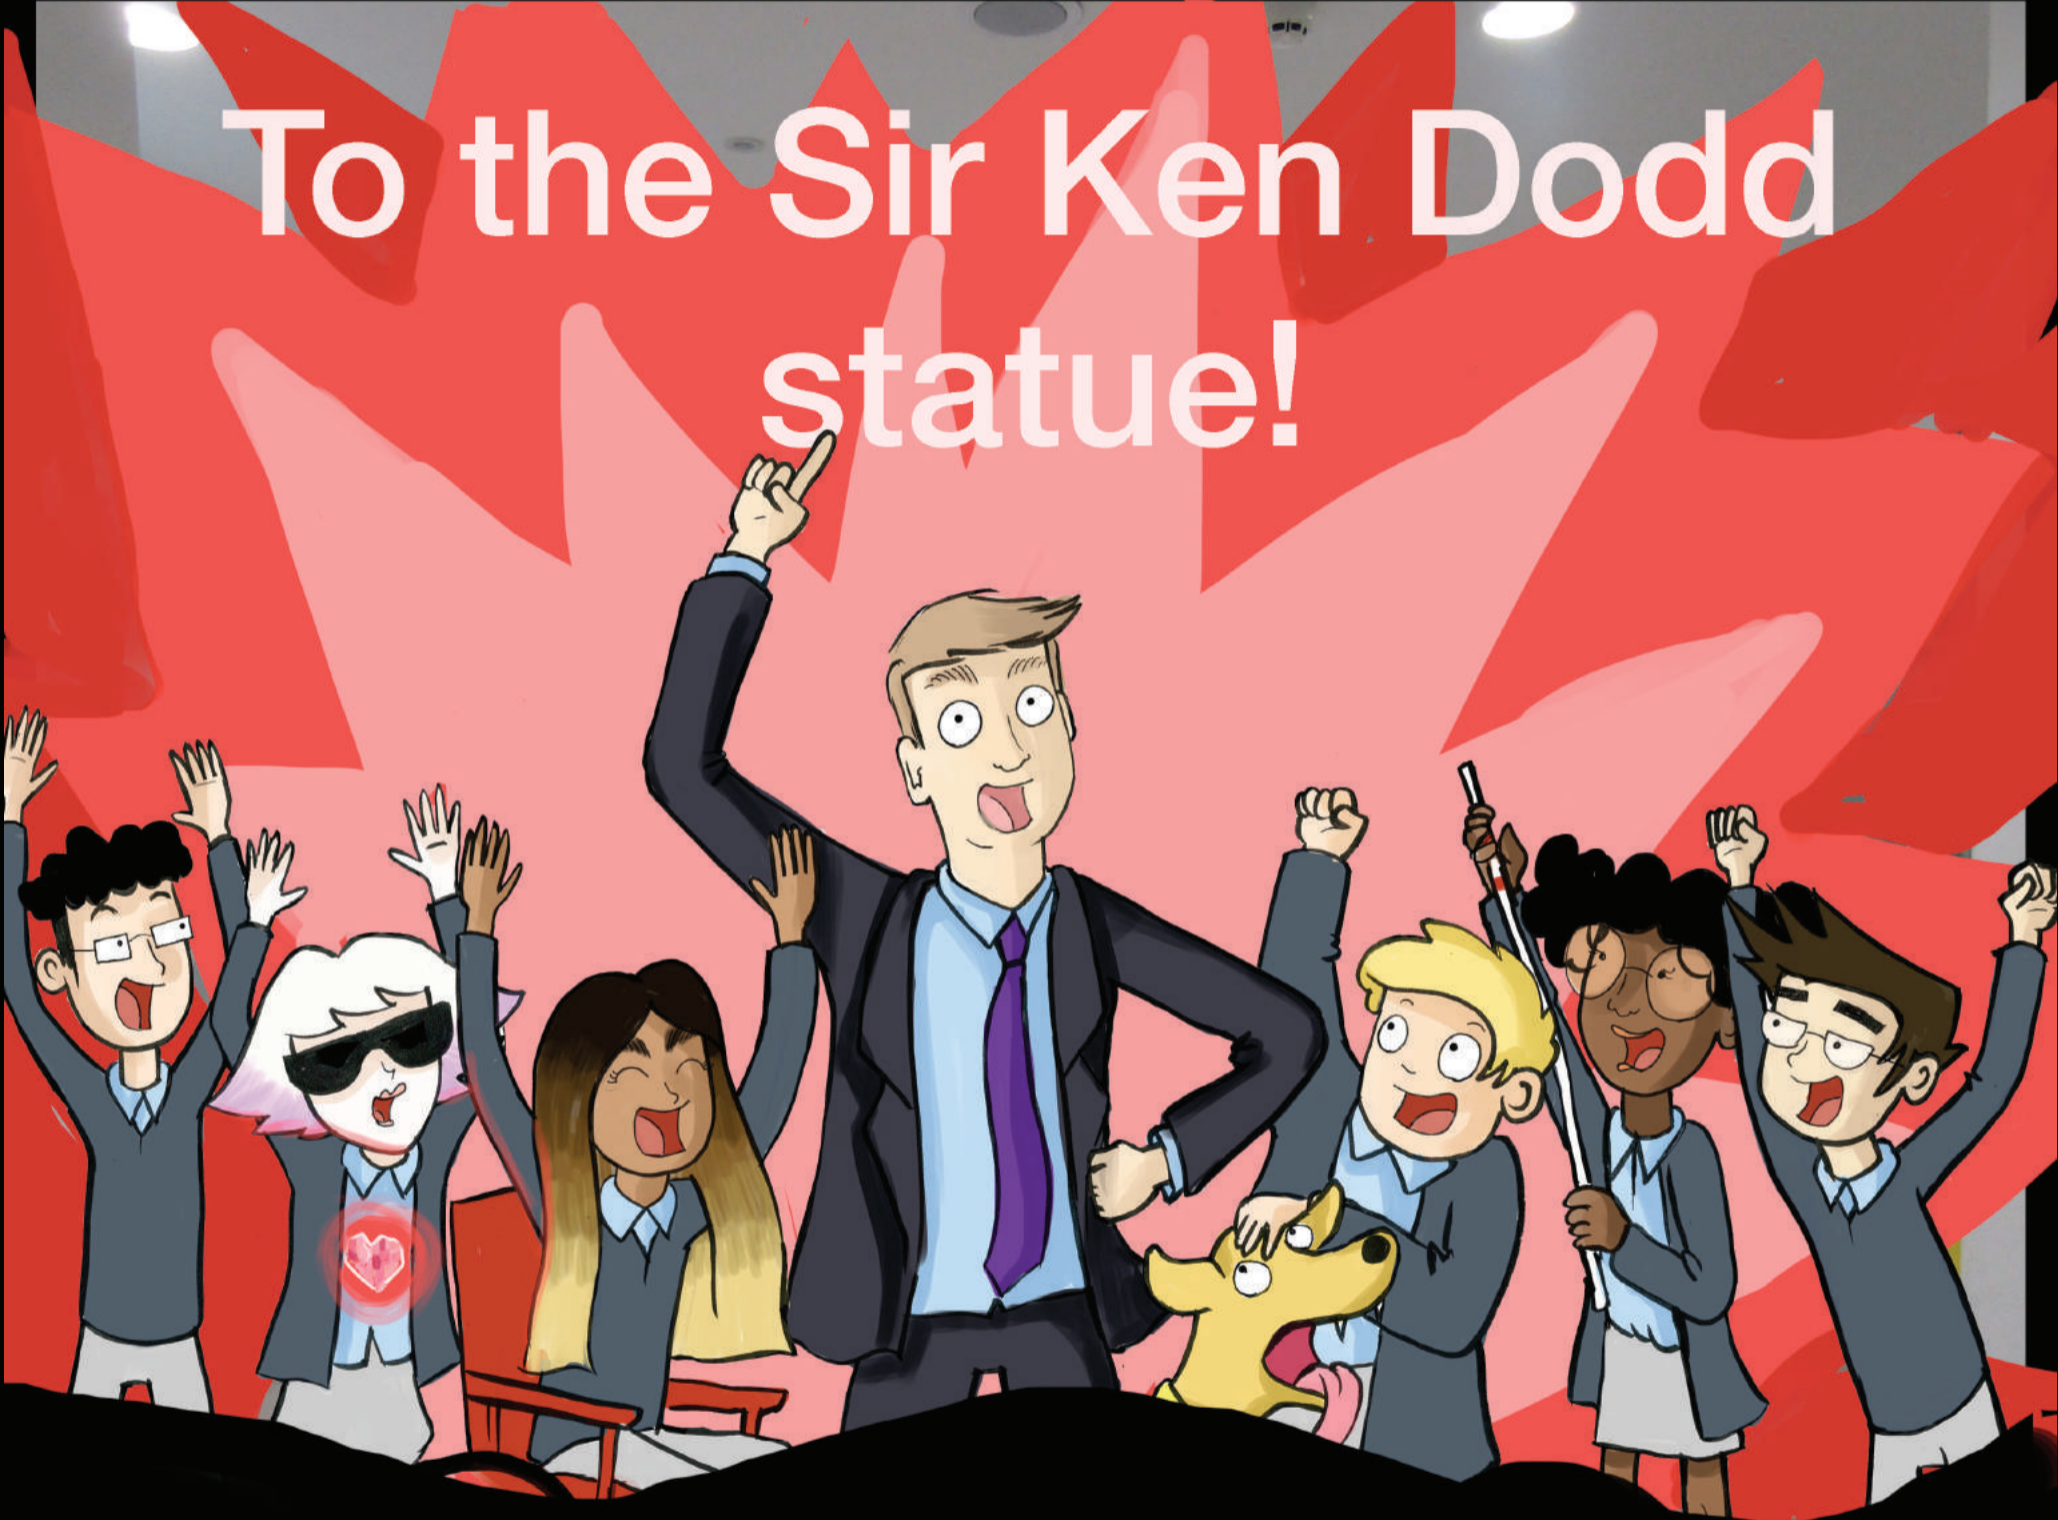

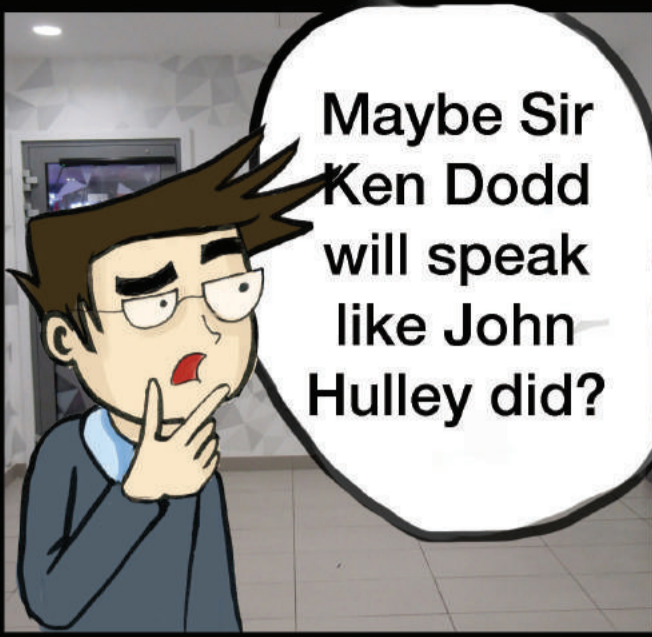

Well...
What now?

John Hulley
told us to go
to the Sir Ken
Dodd statue,
that seems
odd?

I wonder
why we
should go
there?
