# MEET THE STUDENTS OF ST. VINCENTS

My name's Jessica! I'm visually impaired and I have a prosthetic leg. This doesn't stop me from playing football! I hope one day to compete in the paralympics. I love hanging out with my friends and going to the match.

Nice to meet you, I'm Theo! I'm visually impaired and can speak fluent sign language. I have a thirst for knowledge and I'm currently learning how to speak German. I have an interest in philosophy and I hope one day I can travel the world.

Hey, I'm Jade! I've been blind my whole life but that hasn't stopped me from learning several instruments. My favourite instrument is the electric violin and I love going to live shows. I've recently started a rock band with some friends from school.

Sup! I'm Chip and this is my buddy dog Penny! I went blind when I was younger so Penny really makes things better for me. I'm super positive, outgoing and social. I love fantasy stories so reading braille is one of my favourite things to do. I'm very easily inspired and always looking for fun.

Hæ! Or should I say Hello. My name is Asta and I'm from Iceland. I'm visually impaired and I love carving and making things out of wood. I'm very skilled at getting around by myself as long as I have my white cane.

Greetings! I'm AJ. I'm visually impaired and want to be a scientist when I'm older. I love inventing things and learning how electronics work. I'd love to have my own science lab one day.

This is Clementine. Clementine is deaf and doesn't speak with sound, she uses sign language instead. Her eyesight is pretty good though, she is a huge art fan. Theo often interprets conversations for her. One day she would like to own a gallery and help out local artists.

The St. Vincent's gang had just landed in Germany on a school trip! They collected their bags and were heading to their hotel.

A friendly and familiar voice boomed from behind the students, Clementine noticed everyone's reaction...

Liverpool you say?! hahaha... I know a little something about Liverpool...

Everyone turned towards the voice, and there stood JÜRGEN KLOPP!

WOW! JÜRGEN KLOPP!  
I thought I recognised that voice!

Ha ha!

Booo! I support Man U!

Be quiet Chip!  
Jürgen Klopp is a legend regardless of whom you support!

We meet again St. Vincent's pupils!

How are you all doing?

I can't believe he still remembers me from his visit to our school!

We are fine Mr Klopp, how are you?

There was an enormous bang, strange smoke began bellowing towards Klopp and the kids! Klopp knew something bad was coming their way

Klopp quickly cast a magical forcefield around himself and the Students of St Vincents, He held it for as long as he could until his energy depleted.

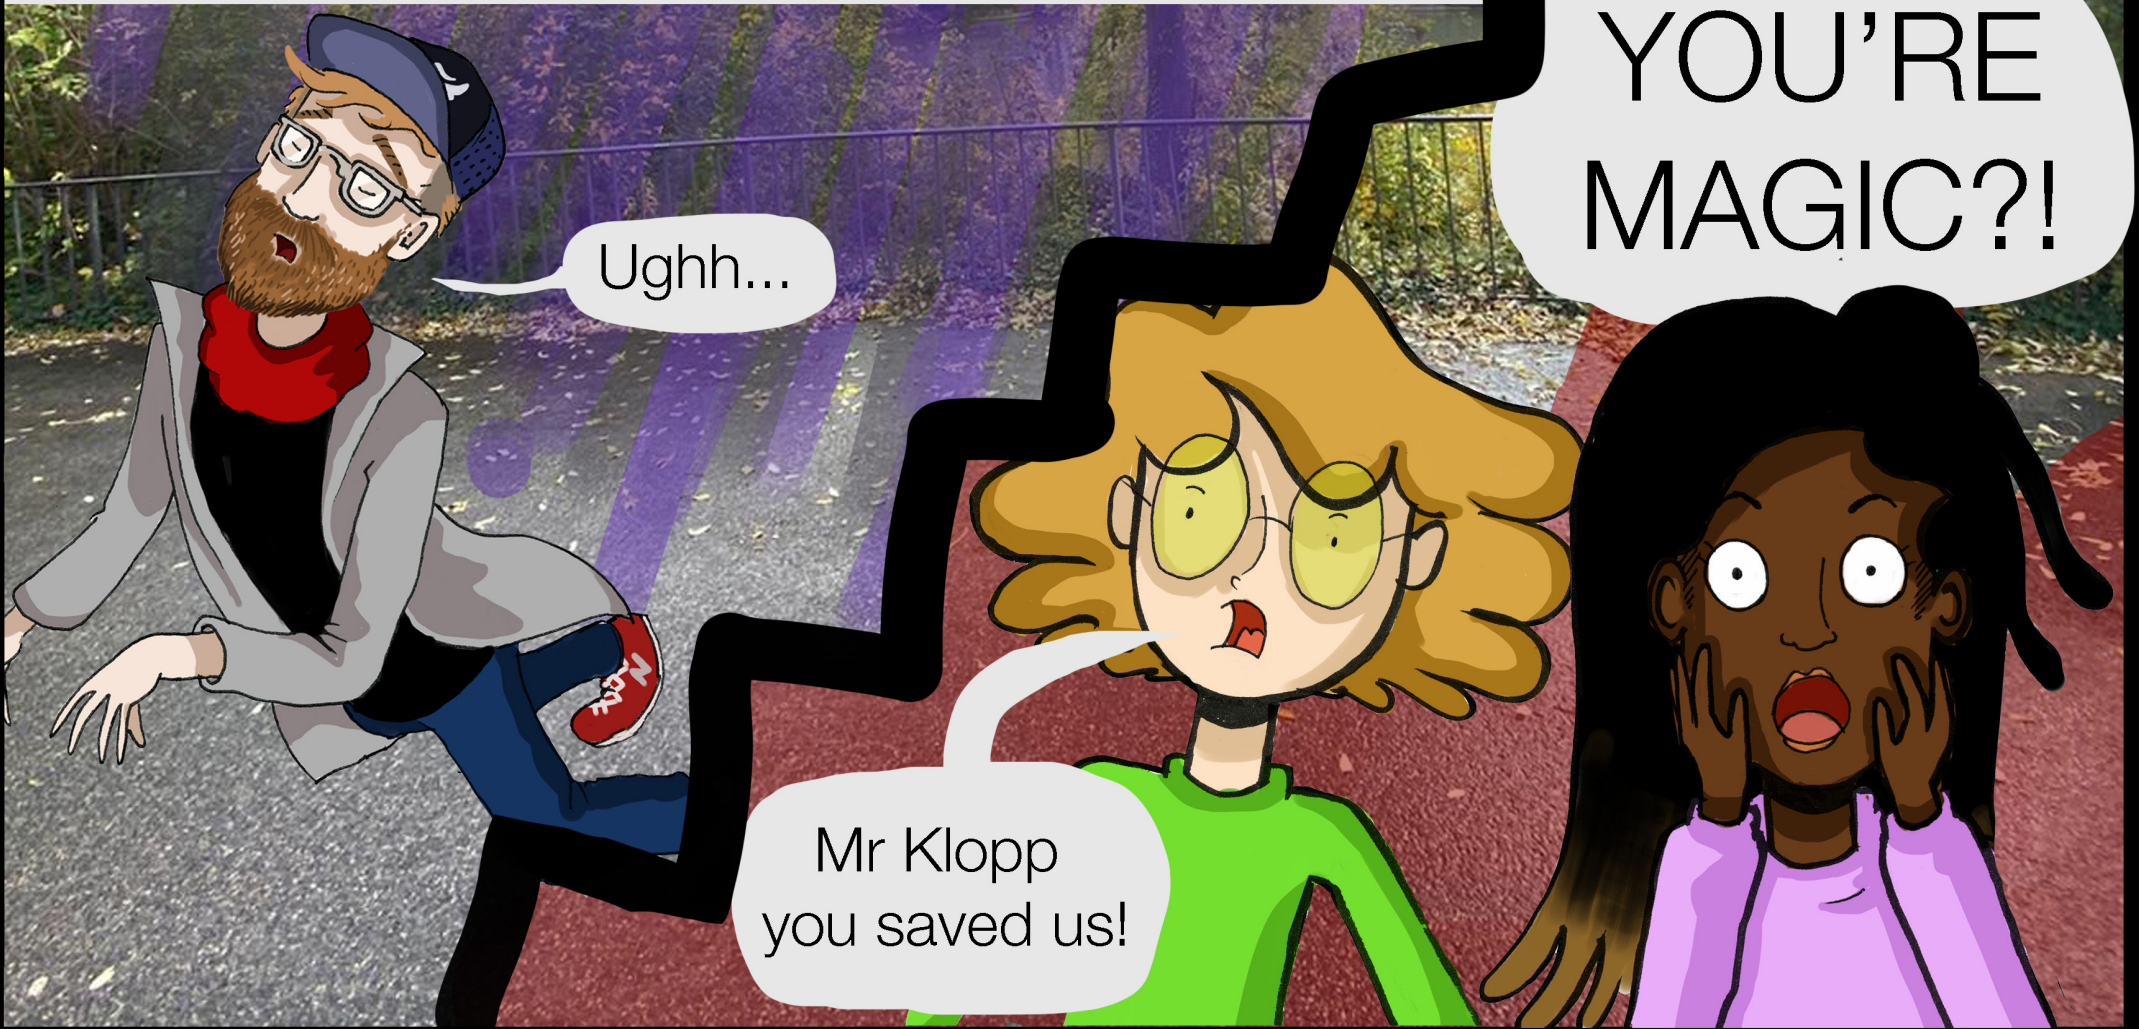

The smoke eventually passed by, leaving everyone unharmed.

Klopp went pale and fell to the ground with exhaustion.

-Jürgen Klopp

**DID YOU  
KNOW?**

**Jürgen Klopp - 16 June 1967**

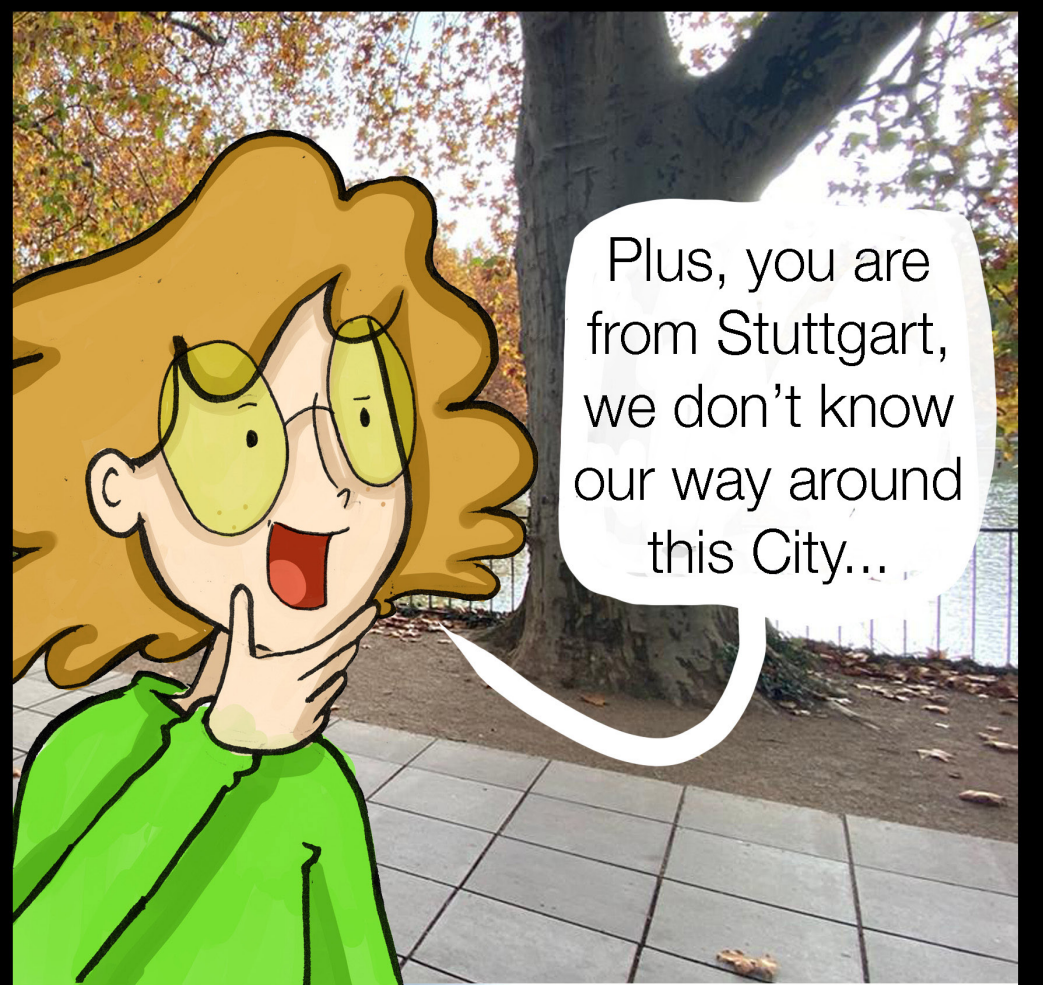

Klopp was born in Stuttgart, Baden-Württemberg. He is married and has two children. He and his wife are Protestant Christians

Klopp has won the Premier League (2019-20), made it to the UEFA Champions League Finals twice and winning it once (2018-19), UEFA Super Cup, and FIFA Club World Cup (2019)

Klopp is widely regarded as the best manager in the world and has been the Liverpool boss since October 2015. He is a legend in Liverpool and is held with high regard by the whole city (Even Evertonians!)

Klopp looks out across his home city and knows something isn't right.

Klopp stands heroically, looking towards the sun

Klopp produced an unusual shining emblem and bestowed it upon Jessica.

Penny wagged her tail with excitement

Now I know we can figure this out as a team!

Klopp looked around, and saw flowers slowly wilting and dying...

People looking very sad and fed up, slumped over and low on energy...

The sky was starting to change, it looked angry and grey

Klopp has a knowing look on his face, as if he knows what's about to happen...
