

Risk Assessment COVID 19

Re opening of school September 7th 2020

School Risk Assessment COVID 19 – Re opening of school September 2020

World Health Organisation have declared the outbreak of a new strain of corona virus (COVID-19) A Public Health Emergency of international concern.

The main symptoms of COVID-19 are a cough, high temperature, loss of taste and in severe cases shortness of breath. Some people will show no symptoms at all.

Current data shows the UK will more than likely be significantly affected as we are all susceptible to catching the disease.

Early data shows that most people who develop the virus will have a mild self-limiting illness – like flu.

The Government have mounted a phased response to COVID-19 to minimise the potential health impact by trying to slow the spread of the virus.

As a school we are looking to follow Government Guidelines and now look to fully reopen school in September 2020 following our phased return which took place in June / July 2020.

This risk assessment will be changed/updated on a regular basis as we move forward.

It is our plan that all pupils in all year groups will return full time from the beginning of the autumn term.

We will be following health advice endorsed by Pupil Health England for specialist settings.

The risk to pupils themselves of becoming severely ill from corona virus is very low and there are negative health impacts of being out of school and that returning to school is vital for pupils for their wellbeing.

There is no evidence that pupils transmit the disease any more than adults.

System of control

Prevention;

1. Minimise contact with individuals who are unwell by ensuring that those who have COVID-19 symptoms, or who have someone in their household who does, do not attend school.
2. Clean hands thoroughly more often than usual.
3. Ensure good respiratory hygiene by promoting the 'catch it , bin it, kill it' approach.
4. Enhanced cleaning, including frequently touched surfaces often,
5. Maintain social distancing wherever possible.
6. Where necessary wear appropriate PPE. Wearing of face masks or face shields to be used as and when necessary.
7. Engage with the NHS test and trace process.
8. Contain any outbreak by following local health protection team advice.

Date of Assessment: July 2020 – updated 2nd September 2020

Updated 8th September 2020

Staying alert and Safe Social Distancing Implementing protective measures in school at all times.

Weekly updates to Risk Assessment to take place by SLT

School working within - Government Guide Lines and Public Health England

Assessment updated: 2020

Risk Assessment Item	What hazard to health and/or safety	Persons at risk	Control measures	Level of risk
Entry into school	Ensure all staff and pupils keep to Government set rules of social distancing “1 plus meter rule” as much as possible	Staff, pupils, parents,	<ul style="list-style-type: none"> * Access and exit routes to school should be maintained in a good condition * Regular inspections should be made of all areas to ensure that they remain in good condition * All access areas to be kept clear at all times <ul style="list-style-type: none"> • Signage be in place • Due to the VI of pupils not always possible to keep distance so PPE to be worn when necessary. • Taxi’s to stagger arrival and leaving times. • Individual drivers and escorts asked to stay in their taxis or outside of school when dropping off and picking up pupils. • Pupils may share taxis, local authorities are responsible for ensuring safe transport, they will be following Government Guidance. • If taxi drivers need to use toilets staff should allow them to do so , but ensure social distancing and hygiene guidance is applied and that toilet is cleaned after use. • Parents/Carers dropping off and picking up pupils are also advised to stay out of school unless there is a sensitive handover that requires privacy to discuss. • in these cases staff should ensure they are in a room large enough to social distance appropriately and that the parent/carer follows hygiene rules when entering the school building. 	LOW
