

# UCLAN Sports Project

St Vincent's School is collaborating with the University of Central Lancashire (UCLAN) to provide students with a range of opportunities within Sport and Physical Activity. Throughout the academic year, sport students at St Vincent's will have the opportunity to teach and share best practice in sport and physical activity for the visually impaired. These sessions will be delivered at UCLAN to all undergraduate PE, Sport and Dance students.

St Vincent's School is also actively engaged in Spark & Stride research with UCLAN which aims to provide better sport and physical activity opportunities for the visually impaired.

For further information please contact Mr D Swanston at school.
