

ST VINCENT'S SCHOOL

A Specialist School for Sensory Impairment and Other Needs

Wednesday, 23 March 2022

Dear Parents/Carers,

I am writing to inform you that the Liverpool Vaccination & Immunisation Team, which is part of the NHS Mersey Care, will be in school over the next few months to offer our pupils the opportunity to follow the national immunisation programme for young people. This will mean your child will be offered age-appropriate vaccinations and catch ups at school.

When your child is due a vaccination you will receive a letter from the Liverpool Vaccination & Immunisation Team through the school, detailing the vaccination due, the date it will be given and consent form for you to complete. If you consent for your child to have the vaccination a nurse from the immunisation team will come in to school to administer it.

If your child has missed any of their immunisations and you wish them to receive the vaccination at school contact our Health Care Coordinator Cathy Wynne who will liaise with the Liverpool Immunisation Team about the catch up programme.

You can access an up to date schedule for the national immunisation programme via the NHS Choices website.

If you have any questions or would like further information on this matter do not hesitate to contact Cathy Wynne who will be more than happy to help.

Yours Sincerely

Dr JA Patterson
Principal
