

CATHOLIC BLIND INSTITUTE - FREE WILL SERVICE

Catholic Blind Institute (CBI) could benefit from your donations Help us help you - have you made a will?

Below are issues we must all consider. Take advantage of CBI's free 'Will Service'. In return you may wish to remember us by leaving a donation in your will, however there is no obligation to do so.

- Without a Will, who will inherit your assets?
- What happens if your beneficiaries are disabled? Who will manage their assets? Will they lose their benefits?
- Will an unmarried partner receive anything if you die?
- Does your family have to pay Inheritance Tax?
- Will your family know what to do when you die? Who is in charge?
- Protect your assets for your children if you die and your spouse remarries
- Are you already re-married and have children to a previous marriage? Look after their interests
- Do you have a child aged under 18? You must appoint a guardian
- What happens if you no longer have the 'capacity' to manage your own affairs?
- Will your assets / your inheritance from your parents be taken if you / they need long term care?
- Will your assets be lost if your child divorces after your death?
- Can anyone claim against your estate after your death?
- What happens if you have a stroke/suffer from dementia and lose the mental capacity to manage your property and financial affairs?

CBI operates from two sites in Liverpool. The Charity comprises of **Christopher Grange**, which offers Palliative, Nursing and Residential Care to over 100 adults and their Rehabilitation Centre which offers centre based support to adults who are Visually Impaired.

St Vincent's is a Specialist School for Sensory Impairment and Other Needs.

For further information

contact John Howell LL.B (Hons) LL.M who is a Wills specialist On:
