What a great year this has been for  
@StVincentL12 Freedom of the City and  
singing for Her Majesty. What next!!  
@TownHallPool

We have done amazing things, including singing for the Queen at the Town Hall. We have also visited many places that helped us to learn and enhance a diverse range of skills, that will help us throughout our lives!

We have had many experiential trips, including a visit to acorn farm. It enhanced our sensory skills, so it was not only fun but educational. We love days out!
